

Mover.io เป็นเครื่องมือสำหรับการดึงข้อมูล

สามารถใช้ในการดึงข้อมูลจาก Google Drive (Google) ไป One Drive (Microsoft) ได้โดยผู้ใช้จำเป็นต้องมี Account ทั้ง Google และ Microsoft ก่อน

การใช้งาน Mover.io ให้เราทำการเปิด Web Browser และไปยัง Web Site <https://mover.io> หลังจากนั้นทำการ Login เข้าสู่ระบบด้วย Account ของ Microsoft

หาก Web Browser พบว่ามีข้อมูล Account อยู่แล้ว ระบบจะแสดงข้อมูลให้เราสามารถกดเลือก Account ของเรา และให้เรากดปุ่มยอมรับการเข้าถึงข้อมูลได้ทันที แต่หาก Web Browser ไม่พบข้อมูล Account ระบบจะพาไปยังหน้า Login เพื่อทำการ Login เข้า Account ของ Microsoft และ กดปุ่มยินยอมการเข้าถึงข้อมูล Account

# Mover acquired by Microsoft!

October 21st, 2019

## A note from our CEO

Since we launched Mover, we have dedicated ourselves to being one of the fastest and most recognized cloud storage migrators in the world. Today the next chapter in our journey begins, and I am very happy to announce that Microsoft has acquired Mover.

As the world moves to Microsoft 365, it needs an excellent self-serve solution for migrating content. Our technology makes us one of the fastest OneDrive and SharePoint document migrators in the world. My team has proven this time and time again by setting migration speed records for the industry, always meeting customer needs. Security, file fidelity, and transfer accuracy are core tenets of our company and we take pride in our reputation.

Starting application...

เมื่อทำการ Login เข้าระบบเรียบร้อยแล้วให้เราจะต้องทำการอนุญาตให้เข้าถึง Google Drive และ One Drive เพื่อทำการดึงข้อมูลจาก Google Drive ไปยัง One Drive

ให้เราทำการเลือก Authorize New Connector ในช่อง Step 1: Select Source

The screenshot displays the Mover Migration Manager interface. At the top, there is a blue navigation bar with the Mover logo, 'Transfer Wizard', and 'Migration Manager' on the left, and 'Help', 'Support', and 'sarankon.hir@mfu.ac.th' on the right. The main content area is divided into two columns. The left column is titled 'Step 1: Select source' and contains a blue button labeled 'Authorize New Connector' which is highlighted with a red rectangular border. A large orange arrow points upwards towards this button. The right column is titled 'Step 2: Select destination' and contains a blue button labeled 'Authorize New Connector'. To the right of the Step 2 column, there is a light green box with the text 'Select a Source and Destination to start' and a white box below it with the text 'Please select a Source connector and then a Destination connector to begin migrating or backing up.'

หาเมนู Google Drive (Single User) กดที่ปุ่ม Authorize

[← Back](#) **Authorize Source Connector**

	Amazon S3	<a href="#">Authorize</a>
	Azure Blob Storage	<a href="#">Authorize</a>
	Box (Co-Admin)	<a href="#">Authorize</a>
	Box (Single User)	<a href="#">Authorize</a>
	Dropbox (Single User)	<a href="#">Authorize</a>
	Dropbox Business (Admin)	<a href="#">Authorize</a>
	Egnyte	<a href="#">Authorize</a>
	G Suite (Admin)	<a href="#">Authorize</a>
	Google Cloud Storage	<a href="#">Authorize</a>
	Google Drive (Single User)	<a href="#">Authorize</a>

 Loading folder... 

### Step 2: Select destination

Select a Source and Destination to start

Please select a Source connector and then a Destination connector to begin migrating or backing up.

ทำการอนุญาตให้เข้าถึง One Drive โดยกดปุ่ม Authorize New Connector ในช่อง Step 2: Select Destination

The screenshot displays the Mover software interface, which is divided into two main sections: Step 1: Select source and Step 2: Select destination. The top navigation bar includes the Mover logo, Transfer Wizard, Migration Manager, and contact information (Help, Support, sarankon.hir@mfu.ac.th).

**Step 1: Select source**

This section shows a single source option: Google Drive (Single User). Below this, there is a loading indicator consisting of a circular arrow and the text "Loading folder...".

**Step 2: Select destination**

This section features a prominent button labeled "Authorize New Connector". This button is highlighted with a red rectangular border, and a large orange arrow points upwards towards it, indicating the required action.

**Right Panel**

The right panel contains a green header with the text "Select a Source and Destination to start". Below this, a white box with a green border contains the instruction: "Please select a Source connector and then a Destination connector to begin migrating or backing up."

[← Back](#)

### Authorize Destination Connector

Mover Team <no-reply@mg.mover.io> to me

Mon, Feb 7, 7:12 PM (19 hours ago) ☆ ↶ ⋮

Hello from Mover,

This is a transfer completion notification:

We completed your transfer, but some files did not make it. There are a wide variety of reasons this might have happened. We have attached an error log to this email, inside you will find a list of all the known files that did not transfer and possible explanations.

If you would like to retry the failed files, please see the [migration guides on how to rerun a transfer](#). If you need other assistance, please reply to this email with any questions.
